ACETAIA TESTA

The Acetaia Testa is the first and only one in Lombardy and the pride of Tenuta degli Angeli. This amazing location, situated on one of the loveliest hills of the Valcalepio, exudes an atmosphere of time gone by, where traditions emerge from every single corner and each careful and precise gesture, with the passion that the family puts in all its enterprises.

The Acetaia Testa is in the attic of a Medieval 13th century tower, containing the maturing and ageing racks for the Balsamo degli Angeli, a highly prestigious condiment produced exclusively according to the traditional methods.

UNIQUE EXPERIENCE

The Testa Family will welcome you and personally accompany you to discover the Acetaia Testa, with guided tours and product tasting, first and foremost the Balsamo degli Angeli, and also its prestigious wines, jams and Extravergin olive oil "Dagli Ulivi degli Angeli".

TENUTA DEGLI ANGELI

Tenuta degli Angeli is a mark of excellence in Lombardy region within the world of wine, and was set up in S.Stefano degli Angeli (Carobbio degli Angeli), in 1984. The Vineyard, known as the "bamboniera" (wedding favour), comes from the great passion and the wine making expertise of the founder, Pierangelo Testa, who built up a small corner of paradise where the microclimate, the soil rich with calcareous marl-stone, the southern exposure, the layout of the terraces, together with the human hand, all guarantee a unique wine. As the time went by, the baton passed on the female side of the family, and the Tenuta degli Angeli is now managed by Pierangelo's wife, Manuela, with her daughters Laura, Roberta, Maria and her son Francesco. In the traditionally male-dominated world of wine producers, the farm has managed to make its name, with great sensitivity and determination, obtaining important awards of international renown. For instance, the two Gold Medals in 2014 and in 2015, and the 5 Star Wines, with Extrabrut degli Angeli Classic Method, and Brut degli Angeli Classic Method, both at Vinitaly international wine competition.
